EDUCATION:

Bachelor of Computing (Software Engineering)

Feb 2023 – Present

Curtin University

- Current course weighted average (CWA): 79.75
- Relevant Course Units To Software Engineering:
 - 2023 Sem 1 Fundamentals of Programming (Python): 80%
 - 2023 Sem 2 Data Structures and Algorithms: 88%
 - 2023 Sem 2: Programming Design and Implementation (Java): 80%
 - 2023 Sem 2: Unix and C Programming (C): 82%
 - 2024 Sem 1: Object Orientated Software Engineering (Design Patterns): 90%
 - 2024 Sem 1: Software Engineering Testing (Logic Coverage, Mutations): 68%
 - 2024 Sem 2: Requirements Engineering (Agile/Scrum, elicitation process): 74%
 - 2024 Sem 2: Mobile Application Development (Android Studio): 92%
 - 2024 Sem 2: Distributed Computing (.NET, C#. ASP.NET MVC, SQLite, Entity Framework, Web Development): 95%
- Semester 2 2023 – Letter of Commendation
- Semester 2 2024 – Letter of Commendation (Soon to be received)

Cyber Security – Python Application Scripting For Beginners Skill Set

Feb 2023 – June 2023

North Metropolitan TAFE

- Completion of:
 - ICTPRG434 – Automate Processes
 - ICTPRG434 – Write Scripts For Software Applications
- North Metropolitan TAFE - Statement of Attainment

Highschool Diploma

Feb 2017 – Nov 2022

John Forrest Secondary College

SKILLS:

- **Microsoft Applications** – Word, PowerPoint, Excel Spreadsheets.
- **Programming Languages** – Python, Java, C, C#, MySQL, Kotlin, Jetpack Compose, React, HTML, CSS, JavaScript, TypeScript.
- **Programming Skills** – .NET Remoting, ASP.NET MVC, SQLite, Data Structure and Algorithms, Software Design Patterns, Git, GitHub, Object Orientation Programming.
- **Coding Environments** – Android Studio, Visual Studio, Visual Studio Code, Unix Terminal, VIM.
- **Other Programming** – Software Development Life Cycle, Agile, Scrum, Sprint planning.

PROJECTS:

Personal Projects include:

- Portfolio website (HTML, CSS, JavaScript)
- Procrastination Tracker (Python)
- Wordle (HTML, CSS, JavaScript)

Please visit my personal website or GitHub to view a full list of my university and personal projects.

EXPERIENCE:

Private Tutor

Nov 2024 – Nov 2024

Self-Employed

- Tutored year 12 high school students with the new computer science ATAR curriculum.
- Listened attentively and communicated effectively to address struggling areas.
- Fostered a positive learning environment to encourage critical thinking and problem-solving skills.

Retail Assistant

Oct 2022 – Mar 2024

7 Seas Seafood

- Excelled in a high stress and team orientated environment while maintaining a vibrant store.
- Demonstrated effective communication and leadership while developing lasting friendships with staff members.
- Built positive relationships with customers by addressing their queries till complete satisfaction. Provided recommendations to improve shopping experience while fostering trust.
- Effectively multitask with fish cleaning, restocking, order processing, rubbish duties and top to down store cleaning.

VOLUNTEERING EXPERIENCE:

CoderDojo Mentor

Aug 2024 - Present

Curtin University

- Helped facilitate a classroom around 10-15 students from local high schools.
- Introduced students to the concepts of coding while promoting problem solving and critical thinking.
- Provided hands on, one on one support, by assisting students with new concepts or their personal programming projects.
- Addressed all concerns with effective communication and attentive listening, making sure the students fully grasp the concepts.

Orientation Assistant

Nov 2021

John Forrest Secondary College

- Assisted in welcoming students on orientation day.
- Hosted and lead IT workshops to introduce students to the concepts of block coding and emerging technology.
- Facilitated QNA sessions while actively communicating with each student and clearing any confusion or doubts.

Administration Helper

2019 + 2021

- Assisted front of desk in delivering items around campus.
- Acted as a guide to politely welcome any special guests while touring them around campus while building connections and trust.

REFEREES:

Dr. Sheik Mohammad Mostakim Fattah - sheik.fattah@curtin.edu.au

Lecturer | Discipline of Computing

School of Elec Eng, Comp and Math Sci (EECMS)

Andrew Owens - andrew.owens@curtin.edu.au

Sessional Academic

School of Elec Eng, Comp and Math Sci (EECMS)
